4. Working sessions and presentations

Danish upper secondary written exams in foreign languages

Member of the English Exam Board Poul Tornøe plus teachers of language Peter and Kurt, presented the framework of the national written examinations in English, Spanish and German. The types of different exercises were explained and examples of specific examination booklets were handed out to be studied.

Subject: The written examination in German (examination paper) (by Kurt)

Level: A - the highest level of the subject in the Danish gymnasium/upper secondary school.

(Conditions: At least 3 years of the language in the lower secondary school and normally three years in a upper secondary school (at our school (VUF): two years).)

Brief information about the written examination paper:

The examination paper consists of

- A text for a translation from Danish into German – instead of a translation, the students may write a German summary of a Danish text (about 150 words).
- An exercise where the students have to give an account/summary in German of the contents of a text of about 4 pages.
- Some questions about the text – the students must choose one (and only one) of the questions – which might be a character sketch or commentary on either a part of the text or some expressions.

Teaching Danish as a second language

Malene Neergaard, who is both a student counsellor and a teacher, presented the educational system of Danish as a second language for adults.

Malene outlined the levels and exams of the subject and explained the admission requirements for various groups of immigrants and refugees and for foreigners working in Denmark for a brief period. She also outlined the procedure for pre-admission assessment at VUF.

Student guidance and pre-admission assessment of foreign language students

Student Counsellor Bent Lystbæk explained the procedures for student admission at the various educational programmes at VUF, incl. the educational opportunities for bilingual students and students of a different ethnic origin than Danish.
